## SERVICE PRICING

### LIVE SESSIONS (ONLINE OR IN PERSON)

#### EXISTING TRAINING

Hourly Fee: \$90

Materials Fee: \$50

\*This only applies to in person

Please also note that in person may require additional cost of travel.

Total cost depends on hours needed. Typically an existing training is 2 hours long and requires 3 hours of preparation and consultation time.

In this case the total cost of a live existing training would be: \$450

#### CUSTOM TRAINING

Hourly Fee: \$102

Materials Fee: \$50

\*This only applies to in person

Please also note that in person may require additional cost of travel.

Total cost depends on hours needed. Typically a custom training requires more work and hours. This often requires an initial meeting so I can verify your needs and specific requests. Some may ask for a climate survey to assess training needs. This is particularly likely if you are reaching out for Diversity, Equity, and Inclusion trainings. Due to how unpredictable custom training costs are, I will work with you to find the most comfortable price.

## TERMS AND CONDITIONS

Initial inquiries are not charged for time. After initial discussion, you will receive a Statement of Work (SOW) for both parties to agree on. Once terms are agreed upon and the SOW is finalized, initial work can begin. If modifications to the SOW are needed they may be done via formal amendments.

Additional discounts may be available depending on need and applicability. If this is a concern please reach out to inquire about possible additional discounts.

Prices may increase in the future based on rising costs, rising demand, and other factors. Please know anything under contract will honor the original agreed upon price. If there is no formal contract in place, pricing cannot be guaranteed.

For subscriptions: pricing may change if there is an increase in students that creates a change in tier. Additionally, if students are added to the initial bulk fee you will be charged per additional student at discount of original bulk fee. For example, if you originally fall into tier 1 at 48 students but the student number increases to 52 total - you will be charged per additional student at original discount rate of 30%.

### INDIVIDUALS

Individuals may sign up via my online course platform at their leisure with no contract needed. [Click here](#) to be taken to asynchronous course website.

If you would like to contract me for a custom course as an individual the above terms would apply.
